

CANCER!! It is such an uncertain time when you receive this diagnosis. Cancer can be scary, and there will be times when you will do everything possible to spare your loved ones the burden of your fears and concerns. You will do everything to put on the brave face and to reassure those you love that you are OK. You do not have to do this alone. Our ministry is here to help you travel this path with support, love, and the presence of God.

Whether you are newly diagnosed, are in remission, or are the caregiver of a loved one who has been diagnosed, we are here for you! Our group is a safe place to unload your fears, to discuss treatment plans, to gain support of those who have been there, to cry, to laugh, and to be honest and open. We are here when you feel like the honesty you are living, breathing and feeling, cannot be shared with those you love most. Below are a few examples of discussions we share:

- "How do I deal with all the concerned friends and the sad faces asking me how I am doing?"
- "It's a scan day and I am terrified."
- "I believe God can cure all things, but I am starting to accept that my plan may not be God's plan for me."

We are back to meeting in person. We gather the first and third Tuesday of each month in the Father Welsh room of the Parish Activity Center (PAC) from 6:30 to 8:00 PM. If you are immunocompromised, or personally prefer, you can join us via Zoom, use this link to join the meeting
